ANNUAL REPORT 2011 – 2012

South Vista Communities has continued its work to preserve and improve the quality of life for all residents in neighborhoods south of the 78. We count 23 neighborhoods in this area, and we are very pleased to be adding more residents to our e-newsletter list.

SVC is a non-profit corporation, and any contribution, therefore, is tax-deductible.

SVC provides a forum for those interested in sharing their concerns and working together.

As I told our Mayor, Judy Ritter, the other day, things have been pretty much copacetic in South Vista this last year – not many alarms or excursions, no major problems or emergencies.

We recognize the elected and appointed officials of the City of Vista as valuable and essential partners in accomplishing common goals and appreciate their interest and assistance.

Looking back through the year, I do see continued instances of this partnership, which has improved the quality of life for all of us:

- At the softball fields at Buena Vista Park, softball dad volunteers and the City's Public Works crews repaired the eroded slopes, repaired restrooms, replaced parking lot lights, and provided much-needed baseball bat racks.
- Traffic and pedestrian safety were improved at the Melrose Drive/Melrose Way crossing for Breeze Hill elementary school students, thanks to the PTA working with the City's Engineering Dept.
- Vista School District crews repaired problems creating safety hazards at Breeze Hill school's playgrounds.

Thanks to all of you – our members and residents and businesses – for your interest in keeping South Vista such a nice place to live and for your help in making that happen.
