Be there. Don't miss out on this great opportunity!

## BUENA CREEK CLEAN-UP

It was a cloudy grey day for the Buena Creek clean-up, but 33 volunteers showed up to pick up 1,248 lbs. of trash, 22 lbs. of recycling, one gallon of oil, and two enormous truck tires.

There was a bumper crop of shopping carts this year.

This was the 13th year that SVC joined the City of Vista in the clean-up effort.

Mark your calendar now for the fall clean-up event: **Saturday, September 21.**

## SHOWCASE “YOUR” SOUTH VISTA AND WIN A GIFT CARD

*When you think of South Vista, what images or places come to mind?*

Each of SVC’s board members has favorite images that connote what living in South Vista means to us. We’d like to know what it means to you.

We are inviting you to send us photographs of the South Vista places or events that are special to you, which will be featured on SVC’s website, Facebook page, or in our newsletter. [Due to security concerns, however, please do not include photos of young children.]

### EXTRA ADDED BONUS:

If your photo is selected to be used, you will win a gift card from one of South Vista’s most popular and, in many cases, delicious businesses. There will be multiple winners throughout the year, as images can be changed and updated regularly. We encourage you to send us your favorite South Vista image... and send it in NOW!

Please email your photos as jpegs to [southvistacommunities@cox.net](mailto:southvistacommunities@cox.net). If you are sending photos from your cell phone, please send them at **Actual Size**

## CARLSBAD COUNCIL DECISION

Many thanks to those Vista residents who attended the May 7 meeting of the Carlsbad City Council to hear the discussion about settlement of the city’s lawsuit against San Diego County regarding the expansion of Palomar Airport.

In the end, the Council voted (4–1) to approve the settlement, a decision that does not bode well for residents of Carlsbad or the nearby communities.

Meanwhile, Citizens for a Friendly Airport is continuing its lawsuit against the county. [c4fa.org](http://c4fa.org)

## KEEP TRACK OF CONSTRUCTION PROJECTS IN VISTA

The City of Vista Planning Department is tasked with ensuring land uses in Vista comply with city codes, the General Plan, City Council and Planning Commission policies, and state law requirements. Development projects are posted to provide the public with information on project plans and status.

GIS is a location based information and mapping system that integrates with several City business processes and is accessible to the public through easy to use maps, applications, and data downloads.

The Information Technology Department's Geographic Information System (GIS) Division seeks to promote the use of GIS technology at the City of Vista, and to facilitate public access to the City's spatial data.
