CITY OF VISTA ASKS: WHAT IS YOUR OPINION?

Input Needed on High Priority Community Needs
Over the next 5 years, the City will be investing money from the federal government in infrastructure, homelessness prevention and services, and public facilities and services. By providing feedback via an online survey, your voice will guide that investment and help create a healthy, safe, and thriving community in Vista. Survey Link: <https://www.surveymonkey.com/r/VistaConPlan>

HELP "GREEN" VISTA!

The City of Vista and the Vista Garden Club are collaborating on an exciting program to add to our urban forest. Some 2,500 trees will be planted in cities in our county; each city determines when the trees will be planted.

In Vista, 300 trees will be planted in Brengle Terrace Park on Arbor Day, October 19, 9 a.m. – noon. Registration at 8:30 a.m. by the playground. Please bring your own shovel, gloves, and closed-toe shoes.

A free tree-planting workshop will be held on Tuesday, September 17, 5 p.m. –7:30 p.m. at the Jim Porter Recreation Center in Brengle Terrace Park.

Palomar Airport Expansion Comparisons

Approved Palomar Airport Expansion	John Wayne Airport
5697 Foot Runway	5701 Foot Runway
Voluntary Flight Path	Restricted Flight Path
24/7 Operating Hours Voluntary Quiet Hours-(No Penalties)	Mandatory Quiet Hours: (11pm-7am)

Typical airplanes that regularly fly out of John Wayne include:
Boeing 737 * Airbus 320 * Boeing 757

An expanded Palomar Airport could support *similar commercial airplanes* under the approved master plan, slated to serve over **1 million passengers** annually in and out of Palomar Airport, plus **freight, air taxis, and business/private jets.**

County's Goal is to OFFLOAD San Diego International Airport ...

If expanded, Palomar's runway will be **4 feet shorter** than John Wayne Airport!

Palomar has **VOLUNTARY** quiet hours, nothing mandatory, and that will not change. FYI, John Wayne and San Diego have **MANDATORY** Quiet Hours.

Not only will air traffic increase at Palomar, but significantly **LARGER PLANES** will land and depart regularly **24/7!**

None of this speaks to the **ENVIRONMENTAL IMPACTS** of Palomar Airport expansion...impacts affecting us, our kids, and our future...air quality, water quality impacted from runoff, traffic. The new runway would be built over an old, unsealed, leaking landfill which currently burns off methane gas.

This expansion plan is for travel as we know it now. It does not in any way, take into consideration **NEW TECHNOLOGICAL INNOVATION** which will impact travel within the near future.

As we are sure you know, there is a large **NEGATIVE IMPACT** on the **PROPERTY VALUE OF HOMES** located near loud, busy, polluting airports.

SVC ENDORSES c4fa LEGAL ACTION

South Vista Communities (SVC) opposes the new McClellan-Palomar Airport Master Plan Update and Supports the Citizens for a Friendly Airport's legal action against this plan.

South Vista Communities supports Citizens for a Friendly Airport and its efforts to ensure that McClellan-Palomar Airport remains a community-friendly airport.
