

## **C4FA REQUESTS AN INJUNCTION AGAINST SAN DIEGO COUNTY**

Dear C4FA Friends,

This week C4FA asked the Court for an injunction against the County of San Diego to cease American Airlines flight operations out of Palomar Airport until the Court determines if the County had the authority to use the airport in a way required by American Airlines, **without approval from the City of Carlsbad.**

**The issue is very clear – the County defied the 2021 Court decision against them.** The Court confirmed Carlsbad has final authority on Airport Use. The County has simply chosen to ignore the Court's order and ignore Carlsbad's local authority over Airport use.

We are suing to preserve the City of Carlsbad's local control, Carlsbad residents' local control, and to ensure that Court orders are followed. **Until the Court makes their decision on this case, the AA contract should be deemed invalid.** Our legal complaint is posted on our website [c4fa.org](http://c4fa.org).

American Airlines has been notified of the request for an injunction and has retained independent legal counsel. The injunction hearing is scheduled for April 4th in San Diego Superior Court.

We still need your help to pay for this lawsuit to protect our community and to hold the County accountable to honor Court decisions that go against them.

**PLEASE DONATE – Litigation is expensive.**

Every donation counts, no matter how large or small.

A huge **THANK YOU** to all who have donated. **We can't do this without you. We are a 100% Volunteer Organization.** Please help us to keep Palomar Airport small and friendly, as it was intended to be, and to ensure the County follows Court orders.

Thank you for your continued support.

## PALOMAR AIRPORT ACTION NETWORK—Dom Betro

**1. City of Carlsbad**– It appears that the Carlsbad City Council continues to deliberate entering the C4FA court suit either with, or separate from, the C4FA court action. They have reported these deliberations at the past 3 council meetings. I am hoping that they will decide to take court action on the County's AA flights, and report this at the,

**City Council Meeting this Tuesday 3/18/25 at 5 PM.**

**2. Other City Court Actions on AA flights**– I hope that you will *consider petitioning your City Councils– especially in Vista, San Marcos, Oceanside– to join the C4FA court action.* This could really strengthen the court action. Myself, and I am sure C4FA members, would be happy to help you with such an effort. Such North County regional support could really strengthen the C4FA Court Case.(Note: *The case is currently scheduled to be heard on Friday April 4, at 3PM in San Diego Superior Court, at 330 West Broadway, San Diego with Judge Pollack.*(This is the original judge who ordered the County to comply with the Carlsbad City Conditional Use Permit, should they "expand" Palomar Airport operations.)

**3. PAAC Meeting– Thursday 3/20/25 at 6PM at Carlsbad Chamber of Commerce.**

I know it has been frustrating and seemingly a waste of time to attend this meeting. However we **must** continue to publicly register our observations and concerns regarding Palomar Airport operations. I previously sent you my concerns that with the AA operation the County has effectively completely negated the quiet hours, VNAP, and any semblance of working with resident concerns. Attached is a flight path (thankyou Keith Nolde), which is occurring more frequently, especially during inclement weather days, endangering a wide swath of neighborhoods. I have also noticed a few days

## PAAN—Dom Betro (Cont.)

in the past month, when flights, including the AA flights, took off to the east, which I am sure impacted areas like Bressi Ranch and Palomar Estates East and West. (attached are some photos I took of the AA jet on the tarmac Palomar Airport. It is a large aircraft for this airport !)  
***Please consider attending the PAAC Meeting in force, with your fellow residents, and voice your concerns.***

As always, many thanks for your efforts and support.

Hope to see you at Carlsbad City Council or PAAC Meetings this week.....
